

## THE WORLD OF MINERAL

Paragraphs of Interesting Mining News  
Reported From All Parts.

## ELECTION OF DIRECTORS

Reports From Mines in the Western  
Part of the State—The Cham-  
pion Mining Com-  
pany.

BUTTE, Dec. 15.—The regular annual meeting of the stockholders of the Champion Silver Lead Mining company was held here this afternoon at the rooms of the Silver Bow club. Three hundred thousand shares of the stock were voted. The following directors were elected: J. K. Clark, B. C. Kingsbury, Patrick Clark, H. L. Frank, C. W. Goodale, W. G. Gallagher and B. B. Thayer. Immediately after the stockholders' meeting the directors met and elected J. K. Clark president, B. C. Kingsbury vice president, C. S. Eltinge secretary and J. V. Long treasurer. B. B. Thayer was re-elected general manager. Mr. Thayer made a verbal report on the condition of the company's property, which, he said, was in better shape than ever.

To a STANDARD reporter Mr. Thayer said that a great improvement was discernible in the character and extent of the ore bodies in the lower levels. The workings have attained a depth of 600 feet and sinking will be immediately resumed and the shaft deepened an additional 100 feet. In the upper workings the levels are quite close together. Consequently there are seven levels in the mine, the seventh being at the bottom of the shaft and has been only recently cut. No stopping has as yet been done on this level. The eighth level will be cut at a depth of 700 feet.

Speaking of the ore and the output Mr. Thayer said that the concentrator was running steadily and turning out 40 tons of concentrates daily, which are being shipped to the East Helena smelter. The last return received showed the concentrator to carry 25 ounces of silver and 58 per cent. of lead. The ratio of concentration is five to one. Mr. Thayer will return to the mine to-morrow.

## LIBBY DISTRICT.

Desirable Property Being Discovered in  
the New District.

Libby is one of the most promising mining town in Montana. Although in its infancy she has made rapid progress in the mineral industry, and proposes to be one of the most prominent cities in the West in a few years. When we consider the great water power at this point together with unlimited forests of lumber it places itself in the front rank of coming Montana towns.

James Ross was in Libby the early part of the week. He has just returned from the east fork of the Bull river country where has been for several weeks engaged in development work on his claims. The ore is all high grade and Mr. Ross expected to work them all winter, but the big snows will prevent this. Messrs. Ross and Clark propose to begin as early as possible in the spring and will engage a few men to assist them. He brought in specimens of peacock and purple copper, and the best runs \$351 in silver with 25 per cent. copper. Their claims are the Stanley and Livingston, and are about 14 miles from the Northern Pacific. Mr. Ross is confident that the Montana Kootenai is equally as promising as the Slocan country.

As has been mentioned in the *Miner* of last week the Paycock and Ellice mines at Shaghenessy hill were bonded to Ewing & Jones. They are at present only working three men, but will put on three shifts more and sink 100 feet more of tunnels. Levels will be run from the bottom of the shafts, and they will continue to sink shafts and run tunnels all winter. Messrs. Ewing and Jones are practical miners, and are backed by the former's brother, Col. Thomas Ewing, well known over the Pacific Northwest as a successful mining man. The Buzz Saw mine is at present working three shifts, and will continue to take out ore and pile it on the dump all winter ready for shipment in the spring.

Word reaches here that a party of several miners are about to begin active operations in the Grouse Mountain district. The prospects in that vicinity carry galena ore and run all the way from \$50 up to \$100 to the ton. The mountain is nine miles from Troy and claims made by men who know place it in the front rank of good prospects in this section.

The future greatness of this mineral district is only a question of a few years. Capitalists already are taking advantage of the mines in the Montana Kootenai and either buying or bonding them. It is evident that the properties are all desirable ones, and Libby is recognizing her greatness and strength.—*Libby Miner*.

## No Election of Officers.

The interest in the annual meeting of the Champion Mining company, which took place at the company's office in this city on Saturday evening last, was very different from those of one and two years ago. There were only about 108,000 shares represented and not a single proxy recorded. This representation was far short of enough to begin the election of officers, and in consequence the old officers will hold over. Even a year ago there was great interest manifested at the annual meeting, but it seems now that the stock has changed hands and finally lodged with holders content to hold it and await developments. Work on the tunnel is progressing satisfactorily and the mill ceased to grind on ores that have been extracted in excess of its capacity during the past few months on Tuesday evening. Very little, if any, stock is offered for sale, which fact has its meaning as to the value of the property.—*Silver State*.

## From the Head of Fisher Creek.

The big Montana mine owners are picking up property rapidly. Lancaster & Co. of Great Falls have bonded the Blacktail mine at the head of Fisher creek, for \$40,000. This is the mine in which a fine lead of gold quartz assaying \$3,000 to the ton, was discovered last August, says the *Thompson Falls Times*. Then the Butte & Boston has leased the Shaghenessy for a percentage of the ore taken out, and will begin shipments within three weeks. They are also planning to build a toll road next spring, running from Libby to Poorman creek, a distance of 35 miles.

It will pass the Shaghenessy, Snowshoe Silver Cable group of mines. The Silver Cable mine, which the company also controls, will be worked all winter. They are

now 103 feet deep, and the ore has increased in value from 100 to 447 ounces of silver per ton. A concentrator is to be built on the Silver Cable group in the spring, which will also be used for the Snowshoe ore. Some heavy shipments of ore are to be made this winter from these mines.

The Butte & Boston company is planning to put up a big smelter at Libby next summer to save freight on the ore. They are steadily increasing their mining properties in that vicinity by bond and purchase.

## No Use for Silver.

Jo Voshay has interested capitalists of New Jersey in gold mines of this section, and a company will soon be incorporated. Mr. Voshay was appointed to secure properties. He talked of silver mines while East, but it was no use. Capitalists will have nothing to do with anything but gold mines on account of the low price of silver.

## THEIR WORK FINISHED.

Result of the Work of the Idaho Board  
of Canvassers.

Boise, Idaho, Dec. 15.—The state canvassing board this morning declared the results of the recent election so far as presidential electors, member of congress and state officers are concerned. It then started on the legislative ticket. The question of what apportionment to follow came up in the case of the action of J. W. Kennedy for Kootenai county. Under the constitution, apportionment of Kootenai and Latah counties have a joint senator. Under the governor's proclamation based on the legislative apportionment, Kootenai has one by itself. As Kennedy has the highest number of votes cast for senator, Attorney General Roberts moved that he be elected. This brought the question up. The attorney general argued at length in favor of following up the governor's proclamation, while Auditor Moody spoke briefly against it. A vote stood in favor of the motion. That settled the matter in favor of the constitutional apportionment. The populist presidential electors are elected, while republicans elect the congressmen, justice of supreme court and state officers. The prohibition vote ran from 228 to 403.

Following are figures except prohibition vote: Presidential electors—Heighum, republican, 8,799; Walters, republican, 8,422; Reichardt, republican, 8,422; Strong, populist, 10,431; Wormersley, populist, 10,929; Monroe, populist, 10,372. Strong, Wormersley and Monroe were declared elected. Member of congress—Sweet, republican, 8,549; True, democrat, 6,029; Gulin, populist, 4,567. Sweet elected. Governor—McConnell, republican, 8,178; Burke, democrat, 6,769; Crook, populist, 4,865. McConnell elected. Lieutenant governor—Willis, republican, 8,248; Bryan, democrat, 6,610; Wright, populist, 4,311. Willis elected. Justice of the supreme court—Sullivan, republican, 8,639; Eusign, democrat, 7,233. Sullivan elected. Secretary of state—Curtis, republican, 7,932; Wickersham, democrat, 7,245; Chaney, populist, 3,957. Curtis, elected. Attorney General—Parsons, republican, 8,088; Reeves, democrat, 6,030; Wester, populist, 4,394. Parsons elected. Treasurer—Hill, republican, 8,157; Regan, democrat, 6,916; Sutton, populist, 4,116. Hill elected. Superintendent of public instruction—Lower, republican, 8,129; Paris, democrat, 7,695; Shearer, populist, 4,146. Lower elected. Auditor—Ramsay, republican, 8,285; McClure, democrat, 6,541; Anderson, populist, 4,373. Ramsay elected.

The returns for the legislature as canvassed by the board resulted as follows: Senate, Ada county, George H. Stewart, republican; Frank C. Moss, democrat. Alturas, Norman M. Rinck, populist. Bingham, J. G. Brown, democrat. Boise, James G. Watts, democrat. Custer, Robert Campbell, populist. Elmore, Green White, democrat. Lemhi, Frank W. Hunt, democrat. Logan, James H. McPherson, populist. Latah, John T. Mitcham, republican. Shoshone, Alex E. Maher, democrat; Robert Neill, democrat. Washington, Henry T. Johnson, populist. Bear Lake, Onelda and Bingham, joint, John L. Underwood, republican. Cassia and Owyhee, joint, Josiah E. Miller, republican. Kootenai and Latah, joint, Fred L. Burgan, republican. Nez Perce and Idaho, joint, Benjamin F. Morris, democrat. Nez Perce and Latah, joint, J. Morris Howe, republican.

Total—Republicans, 6; democrats, 8; populists, 4.  
House of representatives—Ada county, Walter Clevenger, republican; Alex S. Robertson, republican; D. T. Miller, republican. Ada and Elmore, joint representative, Ralph A. Cowden, republican. Alturas, George K. Lewis, populist; J. W. Ballantyne, populist. Boise, John Merrill, democrat; Lewis E. Workman, republican. Bear Lake, John S. Barrett, republican. Bingham, E. J. Turner, democrat; F. J. Mills, democrat; G. F. Fletcher, republican. Bingham, Logan, Alturas, joint, R. A. Caldwell, republican. Cassia, J. S. Stearns, republican. Custer, John P. McCarthy, populist. Paul P. Lawson, populist. Elmore, William J. Bogard, democrat. Idaho, Thomas W. Gorton, democrat. Idaho and Nez Perce, David C. Stephens, democrat. Kootenai, A. Grain, republican. Latah, Swan A. Anderson, republican; Henry H. Bangs, republican. Kootenai and Latah, joint, Andrew J. Hopper, republican. Logan, H. H. Clay, populist; James McCarter, populist. Lemhi, E. S. Sydam, republican. Gil F. Yearsan, republican. Nez Perce, David Mohan, democrat. Onelda, John C. Greaves, republican. Owyhee, John T. Allington, republican. Shoshone, William King, republican; Frank Gaffney, democrat; Charles Hein, democrat. Palmer, G. Cartwell, democrat. Washington, William Allison, republican; John B. Benson, populist.

Total, republicans, 19; democrats, 10; populists, 7.  
If the legislative apportionment had been followed, the result would have been somewhat different. That may come yet, as the matter is almost sure to go to the supreme court.

## Butchers' Union.

BUTTE, Dec. 15.—The Butchers' union of this city is in a flourishing condition and its meetings are largely attended. All of the shops are conducted strictly on the principles as set down by this organization and little difficulty is experienced from any quarter. The semi-annual election of officers was held this evening, at which the following officers were elected: President, John Barber; vice president, T. H. Gentling; recording secretary, H. Ayers; financial secretary and treasurer, A. Mayer; warden, W. Hill; conductor, C. Grund.

Beggs' Cherry Cough Syrup is warranted to cure coughs and colds. There is none better. Ask for it and be sure and get Beggs'. All first-class druggists keep it.

## ABOUT SMOKE STACKS

Report of the Engineering Committee  
on Its Inquiries.

## AN EXPENSIVE EXPERIMENT

Estimated Cost of Constructing  
a Five Hundred-Foot Stack  
—The Benefits to be  
Derived.

BUTTE, Dec. 15.—The report of the engineering committee of the smoke movement was sent to W. A. Clark, chairman of the general committee, today. The price for the iron and steel work of a 500-foot stack 12 feet in diameter is \$27,840. The details of this stack have already been published in full in the STANDARD. The cost of the iron and steel work of a 400-foot stack, with 24 one-inch gully ropes, the lower 50 feet to have a thickness of 1/2 of an inch, the middle 175 feet, of one quarter inch plates, and the upper 175 feet of 3/4 plates is stacks at \$20,000. The committee estimates the cost of foundations and base with anchorage piers for the 500-foot stack at \$4,500, and the same items for one 400 feet high at \$3,400, the cost depending somewhat upon the character of the soil encountered and upon the season of the year in which the work is undertaken. The estimates of the total cost for a 500-foot stack, \$32,340; for a 400-foot stack, \$23,400. The Gillett-Herzog company, on whose figures the estimates are based, are willing to assume the entire responsibility of the strength and durability of the stack so far as its mechanical and engineering details are concerned, but they wish it distinctly understood that they do not pretend to answer for any effect the fumes or gases may have upon the steel or iron employed in its construction. The report then goes on to state: "Though many points have been raised and many questions discussed bearing upon the durability of the structure of the character your committee does not feel that there is sufficient knowledge upon this subject before them to warrant a positive opinion regarding this matter."

"Concerning what is probably the most important question of whether or not a stack or stacks of this character will be entirely efficient in protecting the city against furnace fumes, your committee find themselves in a measure divided, but can unite in saying that the erection of stacks will doubtless prove a substantial benefit. We are agreed that a stack of any height is better than none; that the higher our stacks are raised the stronger becomes the probability that the fumes emitted will become diluted and dissipated before reaching the city, but there is considerable difference of opinion as to whether or not stacks of a height of 500 feet will be entirely efficient in securing to the people that immunity from this so-called nuisance which is so greatly desired. We further unite in recognizing that this last named and most important question can never be satisfactorily answered without a trial of the appliance upon a large scale, and we believe the Parrot works to be the only locality where a satisfactory demonstration can be made."

"We further believe that no stack smaller than the dimensions named or much less than 500 feet in height, and no test that does not extend over sufficient time to include the various changes of wind and weather, will be sufficient to answer this question satisfactorily. Your committee anticipate at an early day some further information regarding the construction of stacks of this character, and if on its receipt we will make it the subject of a further report."

## Trying to Play Even.

BUTTE, Dec. 15.—A meeting of the board of directors of the Athletic club was held this evening to devise some way of ridding the association of the debt of about \$3,000 which is now hanging over it. As the first step in this direction it was decided to give a benefit entertainment at the opera house during the holidays. The entertainment will be of a varied nature, but the best available local talent will be secured, and it will be well worth seeing, aside from the object in view, which alone should draw out a good crowd. The Japanese troupe and skit dancers who are now appearing at the Comique will be engaged if possible, and other interesting features will be secured. Tickets will be placed at reasonable rates, and it is thought that the big debt can be reduced by several hundred dollars in this way. The association gave Butte some great ball games last summer and the team that carried off the championship, but it was a losing venture and the people who enjoyed the sport should not be backward now about helping to pay off the debt incurred, when they will get the full value of their money in so doing.

## His Name Is Dennis.

BUTTE, Dec. 15.—A cable train coming down from Walkerville tonight collided with a man near Mullins' hotel at Center ville. The man was dragged some distance before the car could be stopped, but when he finally was extricated he was found to be only slightly injured, although badly shaken up. His name is Dennis Dunn, and the only thing which he expressed any fear at all was that the newspapers might make a mistake in publishing his name in connection with the accident. After receiving assurance that his name would appear correctly he was satisfied. It is thought that Dunn had been drinking.

## The Bazaar.

BUTTE, Dec. 15.—The bazaar for the benefit of the orphan's home will take place Friday and Saturday evenings of this week and Saturday afternoon. A large quantity of exquisite fancy work has been provided and will be sold at reasonable prices. A delicious lunch will be served each evening. The bazaar will be held in the basement of the new Hamilton block, corner Utah and Broadway streets. Ladies donating articles are requested to send them early in the forenoon.

All gone—suffering and woman's weakness. Dr. R. C. Smith's Japanese Liver Pellets. Prescription put a stop to it. It's a remedy for all the delicate ailments and disorders of women. make her suffer, and a cure for all the diseases and disturbances that make her weak. It's a legitimate medicine, that corrects and cures; a tonic that invigorates and builds up a woman's system and strengthens her. For bearing-down pains, displacements, and all the functional irregularities peculiar to the sex, it's a safe and certain remedy. Other medicines claim to cure? That's true. But they don't claim to do this. If the "Favorite Prescription" fails to benefit or cure, in any case for which it is recommended, the money paid for it is refunded. Judge for yourself which is likely to be the better remedy. And think whether something else offered by the dealer is likely to be "just as good." You pay only for the good you get. On these terms it's the cheapest.

## NEW YORK STOCKS.

Up and Down in Market Values of the  
Stock Exchange.

New York, Dec. 15.—Speculation in the stock exchange today turned upon the strength of the market for sterling exchange and the continued export of gold to Europe and a flurry in the money market. On top of the shipment of half a million to-day came the reports that \$2,000,000 would be shipped by Saturday steamer, and anywhere from \$5,000,000 to \$10,000,000 next week. Money lenders have begun to call in loans and caused money to jump suddenly from 4 1/2 to 5 per cent. Many firms had loans called and had to await their arrangements, thus precipitating a stringency for which the brokers in some instances were quite unprepared. The holders of railway and industrial shares on slender margins showed great anxiety to reduce their ventures, and of course there was no lack of manipulation for the purpose of helping the decline along. Distillers showed a decline of 3/4; American cotton oil, 2 1/2; lead, preferred, 5/8; general electric, 2 1/2; and Western Union, 1 1/4. Final sales were at a fractional recovery.

## PEOPLE'S PARTY CLUB.

Regular Meeting Held Last Night and  
Interesting Questions Discussed.

BUTTE, Dec. 15.—The People's Party club had one of its social meetings this evening in its rooms over the Boyce building. The principal topic of discussion was as to whether it was advisable for the people of this city to own the water, electric lights and street railways. A lengthy discussion took place, in which the following members took part: Bartlett, Leyson, Helm, Corbett, Stephens, Shiffman, Lindsey, Sheldon, Colman, Davis, Gillig and several others. The arguments made by the gentlemen were all in favor of public ownership of these institutions. Mr. Corbett thought the life of a corporation should not be for a longer time than one year, and was appointed a committee of one to collect facts and submit them at the next meeting of the club. Chairman Sullivan of the state central committee informed the club that the necessary arrangements had been made for the reception of the people's party of Alabama. An invitation was extended to Miss Knowlton to address the club on next Thursday evening at Caplice hall. Much enthusiasm is shown by the members of this club, and in a short time they will lay down their platform to the people of the municipality of Butte and take a bold stand at the coming city election.

## Irish-American Club Election.

BUTTE, Dec. 15.—At an election of officers of the Irish-American club, held tonight, the following were elected: John Plapice, president; Patrick Kane, vice president; Freeman Murray, financial secretary; James E. Healy, recording secretary; John McMurray, Jr., corresponding secretary; executive committee, P. J. Brophy, M. J. O'Farrell, Joseph Laird, T. F. Courtney, John Maguire. The club has a membership of 128. The membership ship fees will remain the same until a membership of 250 is reached.

## Died Suddenly.

BOSTON, Dec. 15.—Ex-Congressman Leopold Morse called at the hotel Vendome this evening to see Representative Hitt who was attending a reception of the Merchants' association. While there he had a epileptic fit and died within an hour.

## An Historian Dead.

HALIFAX, N. S., Dec. 15.—Death occurred at Truro yesterday of Sir Adams George Archibald, K. C. M. G., aged 78, one of the best known historians in Canada.

WEAVER'S NERVOUS AND BRAIN TREATMENT, a specific for Hypertension, Neuritis, Neuralgia, Headache, Nervous Prostration, caused by alcohol or tobacco, Wakefulness, Mental Depression, softening of Brain caused by intemperance, decay, death; Premature Old Age, Barrenness, Loss of Power in either sex, Impotency, Leucorrhoea and all Female Weaknesses, involuntary Losses, Spermatorrhoea, caused by over-exertion of brain, self-abuse, over-indulgence. A month's treatment, \$4; for life, by mail, We guarantee six boxes to cure. Each order for six boxes, with \$5, will send written guarantee to refund if not cured. Guarantee issued only by The Smith Drug Co., sole agents, Butte, Mont.

JAPANESE LIVER PELLETS

Act like magic on the Stomach, Liver and Bowels; dispel Dyspepsia, Bilelessness, Fever, Colds, Nervous Disorders, Sleeplessness, Loss of Appetite; restore the complete perfect health; cure indigestion, heartburn, flatulence, constipation, headache and constipation. Small, mild, easy to take. Large vials of 30 pills, 25 cents. Sold by THE SMITH DRUG COMPANY, Butte, Mont.

Dr. SYDNEY RINGER, Professor of Medicine at University College, London, Author of the Standard Handbook of Therapeutics, actually writes as follows: "From the careful analyses of Prof. ATTFIELD and others, I am satisfied that VAN HOUTEN'S COCOA is in no way injurious to health, and that it is decidedly more nutritious than other Cocoa. It is certainly 'Pure' and highly digestible. The analysis is a certain advertisement (from a trade rival) from my book on Therapeutics are misleading, and cannot possibly apply to VAN HOUTEN'S COCOA. The false reflection on VAN HOUTEN'S COCOA is thus effectively repelled, and the very authority cited to insure it, is thereby prompted to give it a very handsome testimonial."

WORLD'S FAIR SOUVENIR COIN WITH THE STANDARD. FREE! THE STANDARD. FREE! THE STANDARD.

## The World's Fair Directors

Have 5,000,000 Souvenir Half-Dollar Coins in their Treasury, the gift of the American People by Act of Congress. The patriotic and historic features of these coins, their limited number compared with the many millions who want them—have combined to create so great a demand for these World's Fair Souvenir Coins that they are already quoted at large premiums. The Directors of the World's Columbian Exposition have placed the price of these

## NATIONAL NEIRLOOMS

at One Dollar for each one, no matter how great the quantity purchased, which is a much smaller sum than the people would have to pay if they obtained them through any indirect medium. Every patriotic man, woman or child should endeavor to own and cherish one of these coins. All cannot, as there are only 5,000,000 pieces among 66,000,000 people. This will make them valuable in future years—a cherished object of family pride.

The orders for coins will be filled by the Treasurer of The World's Columbian Exposition in the order in which they are received. Our order has been placed for weeks, and it is expected that

THE STANDARD Will Receive the Coins This Month.

HOW TO GET THE COINS. Send to our office in Butte or Anaconda, your name, with a request for THE STANDARD for one year by mail or carrier. Write plainly the place you reside, including town or city, state, county, street and number. Enclose \$10.00 by Postoffice or Express Money Order and the paper will be delivered at once. The orders will be carefully catalogued and filled immediately after the coins are received.

THE STANDARD is easily leading all the papers of Montana. It always has. It is the *People's Favorite*, and will continue to present new features, sustaining its reputation as the *Best Newspaper in Montana*. Ours is the *Greatest Premium ever given with a Newspaper*.

## STANDARD PUBLISHING COMPANY,

BUTTE AND ANACONDA

Orders will be filled in the order in which they are received.

Why Suffer  
WITH YOUR FEET?

When you can have your Corns, Bunions and Ingrowing Nails Cured at a moderate cost by

R. C. SMITH AND WIFE,

Practical Foot Specialists, who treat the Feet by a New Process and Manicure the Hands a la Paris.

Dr. Smith has proved to over one hundred citizens of Butte that the worst Corns, Bunions and Ingrowing Nails can be PERMANENTLY cured. Read the following testimony:

The Happiest Woman in Butte. BUTTE, Nov. 25, 1922. I have suffered with ingrowing nails for years, and have not been able to wear shoes for three years. Ten days after Dr. Smith performed the operation I was able to put on a pair of shoes and I am indeed to-day the happiest woman in Butte. MRS. K. E. SHEA, 314 South Colorado street.

A Sufferer for 21 Years. BUTTE, Dec. 5, 1922. I have suffered untold agonies with my feet for 21 years, have tried all corn remedies in the market without receiving any relief, and I am happy to say that by Dr. Smith's new process of treating the feet I am to-day free of corns and pain. ELLIS HOUSE, West Quartz street.

I can cheerfully recommend Dr. Smith as a Foot Specialist, for he has cured my feet that I have had given me over 15 years of suffering. He has a different way of treating the feet than I have ever seen and I am positive that my feet are permanently cured. Respectfully, MRS. EASTMAN, Eastman House, corner Broadway and Arizona streets.

Mr. Bray, of the Butte Cash Grocery, Says: BUTTE, Dec. 4, 1922. I can cheerfully recommend Dr. Smith to any one troubled with their feet. From a Policeman. BUTTE, Nov. 15, 1922.

I have been a sufferer with one very bad corn for a number of years. Have tried every chiropodist that has been in this city for the last seven years without being cured. By the new process of Dr. Smith I can with pleasure say that I am entirely cured. POLICE OFFICER GEO. B. GISH, 217 1/2 Dakota street.

A postal card mailed to my office will insure an immediate call at your residence. DR. R. C. SMITH, Room 2 Bennett Block, Cor. Arizona and Park Streets, Butte. Telephone No. 12.

## UNION EXCHANGE.

Room 29, Owsley Block, Second Floor.

Business stands of all and every description for sale. Houses rented and points collected, names bought and sold, money loaned in large and small amounts. We are in a position to advise on law matters on any subject. Legal instruments, wills, power of attorneys, bonds, leases, mortgages, etc., executed and acknowledged. German power of attorneys.
